Capability Statement

Founded in 2017, MD Franks, LLC provides a cadre of high-quality specialists, trainers, special operations exercise developers, subject matter experts, field service representatives and expertise on technology insertion/development to meet US Government requirements. We excel at providing “deliberate urgency” to meet our customers’ needs through delivery of equipment and operationally experienced personnel. Our staff has the regional expertise together with the requisite technical skillset and cultural sensitivity / awareness to accomplish difficult missions. As a prime contractor, we provide “Strategic Thinkers” and “Counter Hybrid and Cyber Threats” expertise to NATO ACT and research and defense support to stabilization (DSS) framework development support to the US Army Peacekeeping and Stability Operations Institute (PKSOI). As a subcontractor, we support NATO SOF with both staff planning instruction, exercise support, and technology insertion, including sUAS and TTL support. In addition to providing instructors and senior mentors to several courses, we provide SME support for exercise planning and execution, including scenario/script development, role playing, and mentoring of both training audience and exercise control cells for the NATO Trident and Steadfast series of exercises and US SOF Trojan Footprint exercises, among others. Additionally, we provide Naval Special Operations support to NORTHCOM’s Vital Archer, an Ellipse exercise. MD Franks also provides a SERE instructor pool to a NATO allied nation ensuring their protection and success in today’s complex operating environment.

Training Courses

- Comprehensive Defense / Countering Hybrid Threats
- NATO SOCC Planning and Staff Course
- NATO SOCC Technical Exploitation Operations Course
- NATO SOF Evaluation Support
- NATO Survival, Evade, Resist, Escape (SERE) Training
- Special Operations Maritime Task Unit Course (SOMTU)
- Special Operations Maritime Task Group Course (SOMTG)
